## ABOUT THE YARNS

---

### A CRIMPED WOOL

Merida's Crimped Wool features two binders wrapped around a core of roving (lightly twisted fiber). Its wave construction adds texture and dimension to any design. Available in 5 colors.

### B SINGLES WOOL

Merida's most delicate yarn, the Singles Wool is optimal for extremely dense cut-pile applications. Available in 10 beautiful earthy tones, Merida's Singles Wool is from New Zealand.

### C THIN FELTED WOOL

Merida's Thin Felted Wool is a great way to add soft, delicate texture. Available in a natural tone or 4 dyed color choices, this yarn has a single-strand construction made from New Zealand wool with a subtle twist.

### D UNDYED WOOL

Available in 3 distinct neutral colors, Merida's Undyed Wool selection features a blend of wools primarily from British sheep raised in the beautiful rolling fields of the UK. 100% biodegradable, these high quality yarns give a rug a natural, organic look and while adding elegant texture.

### E TWISTED WOOL

Merida's Twisted Wool features 50 on-trend colors that range from neutral creams and tans to bright pinks and greens, giving you flexibility to custom color your rug to your needs. The three-ply twisted construction makes this New Zealand yarn extremely strong and durable.

### F FELTED PLIED WOOL

Merida's Felted Plied Wool features a two-ply construction made from the softest New Zealand sheep wool. Offered in 15 unique colors all dyed in the USA, this yarn is ideal for looped constructions.

### G THICK FELTED WOOL

Merida's Thick Felted Wool is derived from New Zealand sheep. The heavy single-strand construction has very little twist and is ideal for cut-pile application. As Merida's chunkiest yarn offering, this yarn is a great way to add bold texture to a design. Available in a natural, un-dyed hue and 4 dyed colors.

## ABOUT MERIDA'S CUSTOM COLOR PROGRAM

Merida is proud to announce customization capabilities that allow you to put your unique hand-print on any of their exquisite rug designs within this collection. Merida's soft-surface textile designs are created to order on an individual basis in their local Massachusetts design studio, allowing for short lead times of 4-6 weeks. For strike-offs please allow 2 weeks.

### HOW IT WORKS

We invite you to use this color palette in conjunction with Merida's Pattern Guide to custom color your design in four easy steps.

1. Select your favorite rug design from the Pattern Guide and use the color/letter key to determine which type of yarn(s) are applicable to that pattern.
2. Use this color guide to determine color options for each type of yarn that is used and select your favorite color combination.
3. To request a rendering, strike-off, rug, or to get a quote please fill out Merida's Custom Color Request Form that corresponds to the rug pattern you selected. Forms can be found in our online Customer Center at:  
**[www.meridameridian.com/CustomerCenter](http://www.meridameridian.com/CustomerCenter)**
4. Return the completed request form via the following methods:
  - Fax it to (617) 464-5417
  - Email it to [orders@meridameridian.com](mailto:orders@meridameridian.com)

### QUESTIONS?

Please contact one of our sales representatives for questions regarding this program, help selecting colors, or to inquire about our other customization options at:

**(800) 345-2200** or **[info@meridameridian.com](mailto:info@meridameridian.com)**
